

The MUZART Messenger

Reaching university students in Russia and Eurasia Northwest

Kiev, UKRAINE Spring 2011

SFC-Unreached?

After Christmas we held a student ministry training seminar for colleagues working with an unreached people group. Praise God for miracles already happening among this group. Pray for university students there to be touched, too. Pray for a long-term student ministry leadership team of missionaries and/or nationals to be raised up. There is a special university just for this people group.

Pray for international students in post-soviet countries. Many are from unreached peoples groups or restricted access countries. They are here on scholarships and depend on (sometimes sporadic) stipends from their home governments. Most live in miserable conditions in designated dormitories and eat very poorly. They do not have work permits and cannot legally earn money. These brilliant students have one year of intense Russian language classes, then join native speakers in university courses in their chosen field.

Pray for an international student in Ukraine who began a Bible study last year for Chinese students, in Russian. This year he started one in Arabic for Arab students. He is a bold witness. His family, in a troubled Middle-Eastern country, have become believers and their lives are in danger.

Pray for renewed visas to Ukraine for our family. We will be applying this summer. The process is complicated due to recent administrative changes.

Jan and the kids will be in Ohio all summer to see family. Please contact Jan if you would like a visit or missions update. Some Sundays are still open.

SFC-Russia Gains Favor with National Church

Thank you for praying for a successful winter camp. It was our biggest ever, with over 250 students representing SFC groups in many Russian cities. SFC-Moscow did a great job organizing the event. See photos and more on page 2.

The annual Students for Christ—Russia leadership training camp will be held July 11-16. Eric will be there along with guest teacher Blair Bonin, director of Students for Christ-Europe. Blair has invited Eric (director of SFC-Russia and SFC-Eurasia Northwest) to speak at the annual SFC-Europe training event in Budapest, Hungary at the beginning of August. Praise God for this collaboration. Please pray for visas and safe travel for everyone. Pray for anointed teaching at both events. Pray that many students will be called and equipped to reach their peers.

Eric will also be speaking at a youth camp in Perm, Russia at the end of July. In March he was honored to be the only foreign speaker at the first ever national meeting of regional youth directors in the Russian Church of Christians of Evangelical Faith (Pentecostal Union). Several of the attendees were interested in Students for Christ and invited Eric to come to their regions to help train leaders. This camp in Perm is the first such trip Eric has scheduled. Pray for wisdom in planning and leading the workshop sessions, and for this to be a successful prototype for many similar events. This may be the time for SFC-Russia to explode in growth, embraced by the national church on a much wider scale than before.
